

THE CHRONICLE

VOL. VII. NO. 34.

CROSSFIELD ALBERTA. THURSDAY, JUNE 16th, 1916.

PRICE 61 A YEAR.

LAUT BROS.

THERE ARE MANY KINDS OF Poultry NETTING

ON THE MARKET

Almost any of them will keep the Chickens in for a time—if they are high enough and well put up—most of them will have to be renewed in a year.

THE OLD FASHIONED Poultry Netting
HAS HAD ITS DAY, it is too flimsy for up-to-date people—they want something that will last.

WE Have A Fence That Fills The Bill.

It is much Stronger—made of a heavier gauge wire, looks better—will stand stretching and will be a

Fence for Years to Come.

It will keep your fowl where they belong and will not be torn to pieces the first time a pig runs into it.

Just one word more—IT IS CHEAPER

THAN THE OTHER. 50 cents a Rod.

CROSSFIELD LOCAL & GENERAL.

The Merry-go-Round man has struck town. Now all we want is the Peanuts and Red Lemonade.

Mr. and Mrs. Wicks visited the city of Edmonton during the past week.

The large number of residents of Crossfield and District who attended the sports in Airdrie on the 16th report a good day's outing. Crossfield Baseball Team, in spite of opinion to the contrary, managed to come home with the long end of a 13 to 9 score. We do not know how it happened but it is so.

The Local Ball team visited Beaver Dam last Friday night, and after an exciting contest lasting 6 innings, the score was 7 to 6. If any of our readers can positively state which side won it is more than we can do.

Shelley's sanitary wrapped Bread at Hallidays'.

Capt. Wile and men seem to be making a very good job of the road east of section 2, 29, 28, and it is said to be quite a credit to them. The Captain expects to bring his crew to town the first of next week to start on Council work around town.

Capt. F. R. Robinson was a visitor to Crossfield on Wednesday to interview J. E. Stauffer, M.P.P. He reports that building operations are going along quite briskly in that town.

We hear that L. Fisher quit work this morning as soon as he heard that the black staff had been found in the Monarch Well west of Olds.

It is reported that Bert Thomas rushed off to Calgary, and it is said that Alec was trying to sell him a Ford car, but Bert said they were too cheap for him, or something to that effect.

There was quite an exodus to Calgary on this afternoon's train, no doubt there will be a bit of a flutter.

Dining Tables at Cost at Hallidays'.

Miss Cora Johnstone, of Calgary, is visiting at Mrs. Ingham; for a few weeks.

There is but one rule of strict morality that a man can adopt. That would be to live as pure and perfect a life as he would have his wife live, to avoid associations, habits and language that he would have her avoid. The old idea of one scale of morals for the man and another for a woman is very wrong and until the young man is ostracised from society by the same act that would turn the young woman out in the cold world, social standing is but a farce.

Heaven's best gift is a hopeful heart, which rises superior to every adverse element and stems every opposing tide. One such spirit in a family is a blessing beyond estimate and if a whole family would give out all the sunshine it could generate by continually striving to outshine every other member there would be few cloudy days in the year.

CALGARY
INDUSTRIAL EXHIBITION.

Indications are that the Calgary Industrial Exhibition which opens on June 20th, will draw the largest crowd of Alberta visitors in its history. Last year the attendance was 105,000, but this year it is expected that the exhibition turn-out will register at least 125,000 visitors. No effort has been spared to make this popular summer fair larger and better than ever. There will be plenty to see at this year's Exhibition. The Better Babies Contest is proving very popular among Alberta mothers. Other features are special prizes for children, a general live stock prize list, large prizes for grain and special prizes for bread. There will be high-class attractions including exceptionally fine fireworks, and a grand military tattoo in which 125 musicians will take part.

Training Domestic Science Teachers at The Olds School of Agriculture.

An item of news that will be of interest to all Public School Teachers is the fact that the School of Agriculture at Olds will give such a course as will enable those holding teachers certificate to teach Household Science in the common schools. Teachers holding Eleventh Grade Certificates and having completed the Normal Course, by taking two winters at the School of Agriculture, Olds, will be graduated as qualified teachers. This will be very welcome news to the large number of teachers who have written to the undersigned with regard to the work which we are giving.

In addition to the teachers course the school will offer what will be called a home-maker's course. This will be for young ladies who have not in view the teaching of Household Science work, but who desire the training so that it may be of use to them in their own homes.

This work is made as practical as possible, and all our courses are entirely free. The Institution is under the auspices of the Department of Agriculture at Edmonton, and all that the students will need to do will be to provide their own board and room which may be secured at from \$5.00 to \$5.50 per week.

REAL BLACK OIL STRUCK AT MONARCH WELL AT OLDS.

The Monarch struck black oil at 508 ft. on Wednesday morning at 3-45 a.m.

Drilling will not be resumed until a special appliance has been obtained that will allow drilling being continued with a capon. The head driller, who is an experienced oil man, says that a shot of nitro-glycerine in the well would probably cause a severe violent enough to wreck the derrick.

Three mischievous boys were brought before the local J.P., at Crossfield this afternoon on a charge implicating them with the killing of two turkey hens sitting on 32 eggs and destroying the eggs which should have been hatched the next day. A fine of \$25 was the result. It. Landsburgh was the owner of the birds.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

The sole head of a family, or any male over 20 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at the office of any Local Agent of Dominion Lands (not sub agent), on certain conditions.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required in every case, except when residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties.—Six months' residence in each of six years from date of homestead entry (including the time required to earn homestead patent) and fifty acres extra cultivation.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$500.00.

CROSSFIELD, ALTA., JUNE 18, 1914.

Celebration of a Hundred Years of Peace

The movement for celebrating the Hundred Years of Peace between the British Empire and the United States is, judging by a circular just issued by the Canadian Peace Centenary Association, taking rapid hold in Canada, Great Britain and the United States.

The general proposals contain four main features, (1) Monuments and other memorials, (2) Thanksgiving Services in the Churches, (3) Educational Propaganda, (4) Festivities.

The circular enumerates various suggestions regarding the erection of monuments, and states that the matter has been referred to an International Committee.

February 14th, 1915, has been selected for Thanksgiving Services to be held in all the Churches in the British Empire and the United States. This date is the nearest Sunday to February 17th, 1915, the centenary of the ratification of the Treaty of Ghent.

The educational propaganda includes several important features, among which may be mentioned the preparation of a series of pamphlets dealing with the various treaties which have made the long peace possible, which it is intended to send to all the public schools in Canada. Tableaux and masques are in course of preparation which will also be sent to the schools for production upon a date to be hereinafter arranged. A somewhat unique proposal is that the schools in Canada and the United States in places bearing the same name should be invited to exchange Shields. It is intended to arrange for the writing of competitive essays on Anglo-American relations, and provision is being made for Provincial and Dominion prizes.

About 100 centres have been chosen for special celebrations in Canada and strong local Committees have been arranged for in a majority of these.

The circular also reports the progress made in Great Britain, and the United States and contains replies received last Christmas from World Rulers to a message sent in connection with the celebration by the American Committee.

The Dominion Government has arranged for an appropriation to meet the preliminary organization expenses. In announcing this the Rt. Hon. R. L. Borden said: "The cause which the Canadian Peace Centenary Association and the corresponding bodies in the United Kingdom and the United States have set before them is one with which we are warmly sympathetic. It is a triumph of humanity that during a century of rapid development, despite the existence of serious international differences and problems, the British Empire and the United States have found wiser and more humane methods of adjusting differences than the arbitration of war. We welcome the achievement of a century of peace, and hope that it will prove to be but the first century of peace for the foremost of a long series stretching into the future as far as human anticipation can trust itself.

The list of members is a most representative one and contains the names of all the Premiers in Canada. Among those prominent in Alberta, who have identified themselves with this movement may be mentioned: His Honour George H. V. Bulyea, J. L. Gervais, The Hon. A. L. Sifton, M.A., K.C., L.L.D., Prime Minister, The Hon. G. W. Cross, Attorney General, The Hon. Duncanson Marshall, Minister of Agriculture, and others too numerous to enumerate.

The President of the Canadian Peace Centenary Association is Sir Edmund Walker, of Toronto, and the Honorary Secretary, Major O. F. Hamilton, of Ottawa.

Those desiring copies of the circular should address Mr. E. J. Scamell, Organizing Secretary, Hope Chambers, Ottawa.

Let us never forget that God made home among the first things that He created. Before commerce and trade, laws and statutes, thrones alters, there were men and women, fathers and mothers, brothers and sisters, lovers and friends, hearthstones and homes.

FINAL EXAMINATION RESULTS.

JUNE, 1914.

Below are listed the results of the Final Promotion Examinations held during the month of June in the Junior and Senior Departments of the Crossfield Public School. The standard required for a pass was 34 per cent. of each paper but English, 40 per cent. of English, and 50 per cent. of the total. The results are much more gratifying than were those of the Test Examinations in May. There were only two failures in the Senior Class and three in the Junior Room. Of these two in the Senior Class and two of the Junior Class will be promoted on trial to the grade above.
